Product Catalogue

Who?

EJAlbum is a leading company in professional photography, art and communication. We started 11 years ago, revolutionizing the Albanian market. Our goal is to import the best culture and the most advanced technology in the professional photography into Albania. We adopt this philosophy in all our communication campaigns. We are therefore a modern company that has already filled the void created over the years in professional services dedicated to Albanian photographers. We are also a company that has turned its attention to art and communication by considering them as the basis of a country's sustainable development.

What?

Professional print in any size, format and material for exhibitions and home decor. Photography and offset albums and books, calendars, postcards, gadgets and thousands of other customized products. Workshops, trainings, meetings, consultancy, management, important projects with foreign and local institutions and everything related to art, communication, design, culture.

ALBUM EPOCA® MADE IN ITALY

Album Epoca Book, the most beautiful album for the most beautiful day of life. Hand Made In Italy. Exceptional craft quality and guarantee of its longevity by a world-renowned manufacturer.

PhotoSi

Life is made up of emotions, and our job is to turn those emotions into wonderful ever-lasting memories.

ALBUM EPOCA®

MADE IN ITALY

We have chosen ourselves as business partners and it is a choice that makes us proud of the results achieved over the years, even in a small but dynamic market like Albania. Album Epoca was founded in 2001 as a premium brand of the Italian company Photosì, founded in 1973, today the undisputed leader in Europe in photography and digital print. Album Epoca produces professional albums, frames, prints and much more.

Album Epoca products are exclusively handmade in Italy as embodiment of the best Italian tradition and style. Today, throughout the world Album Epoca is known for its high quality and unique design. Album Epoca works with over 20,000 professional photographers and exports its products all over the world, being itself a leader in the market. EAlbum, obviously through Album Epoca, is the leader in Albanian market with over 500 albums produced each year through almost 200 professional photographers and other companies. Entering in the world of Album Epoca you have the opportunity to be part of a global community. You also have access to an environment that stimulates and invests continuously in training and professional growth as well as having advanced technological access to provide professional products that concretize your work in sectors such as; wedding, birthdays, portrait, still life, fashion, reportage, boudoir, education, sport, art, etc.

Wedding Albums & Event Books

Wedding Albums

Binding

Hot Binding With Thick Rigid Pages

The pages are heated in a specific furnace and glued together thanks to a special cardboard core, whose thickness ensures a higher resistance over time. Lay flat pages give a splendid view of the entire spread. Number of spreads: minimum 10 (20 pages), maximum 50 (100 pages).

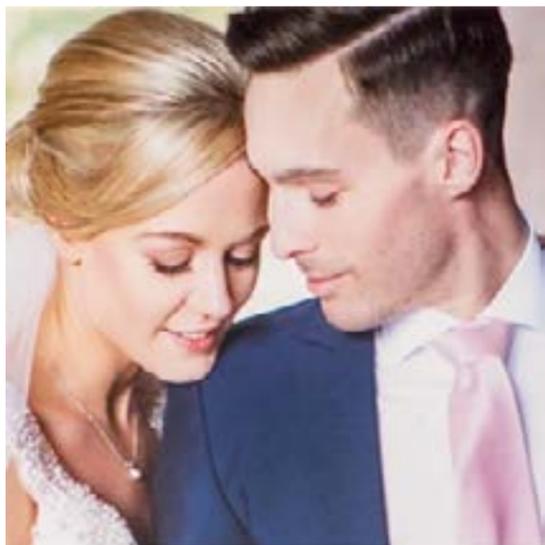

Flex Binding With Flexible Pages

The pages are glued to each other, thus making the book lighter. Lay flat pages give a splendid view of the entire spread. Number of spreads: minimum 10 (20 pages), maximum 50 (100 pages).

Photo Papers

Laser Printed Papers Available With Hot Binding.

Fujifilm Lustré (Matte) Photographic
(760 gr/m²)

Fine-grained, it avoids fingerprints and reduces light reflections ensuring a natural color rendering of skin tones.

Fujifilm Velvet Photographic
(248 gr/m²)

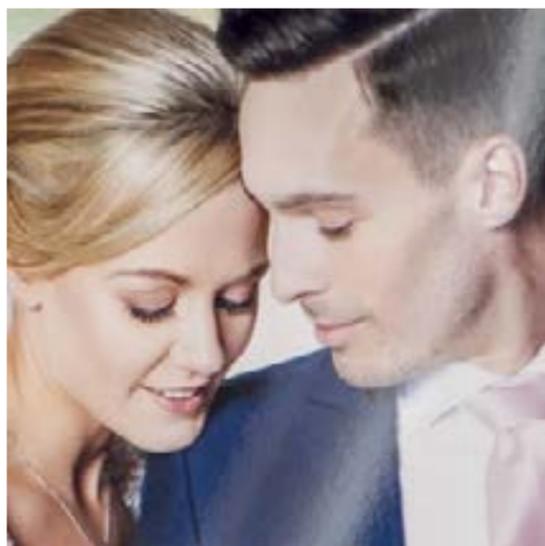

For fine art prints with a deep matte finish that prevents fingerprints and reduces light reflections.

Laser Printed Papers Available With Flex Binding.

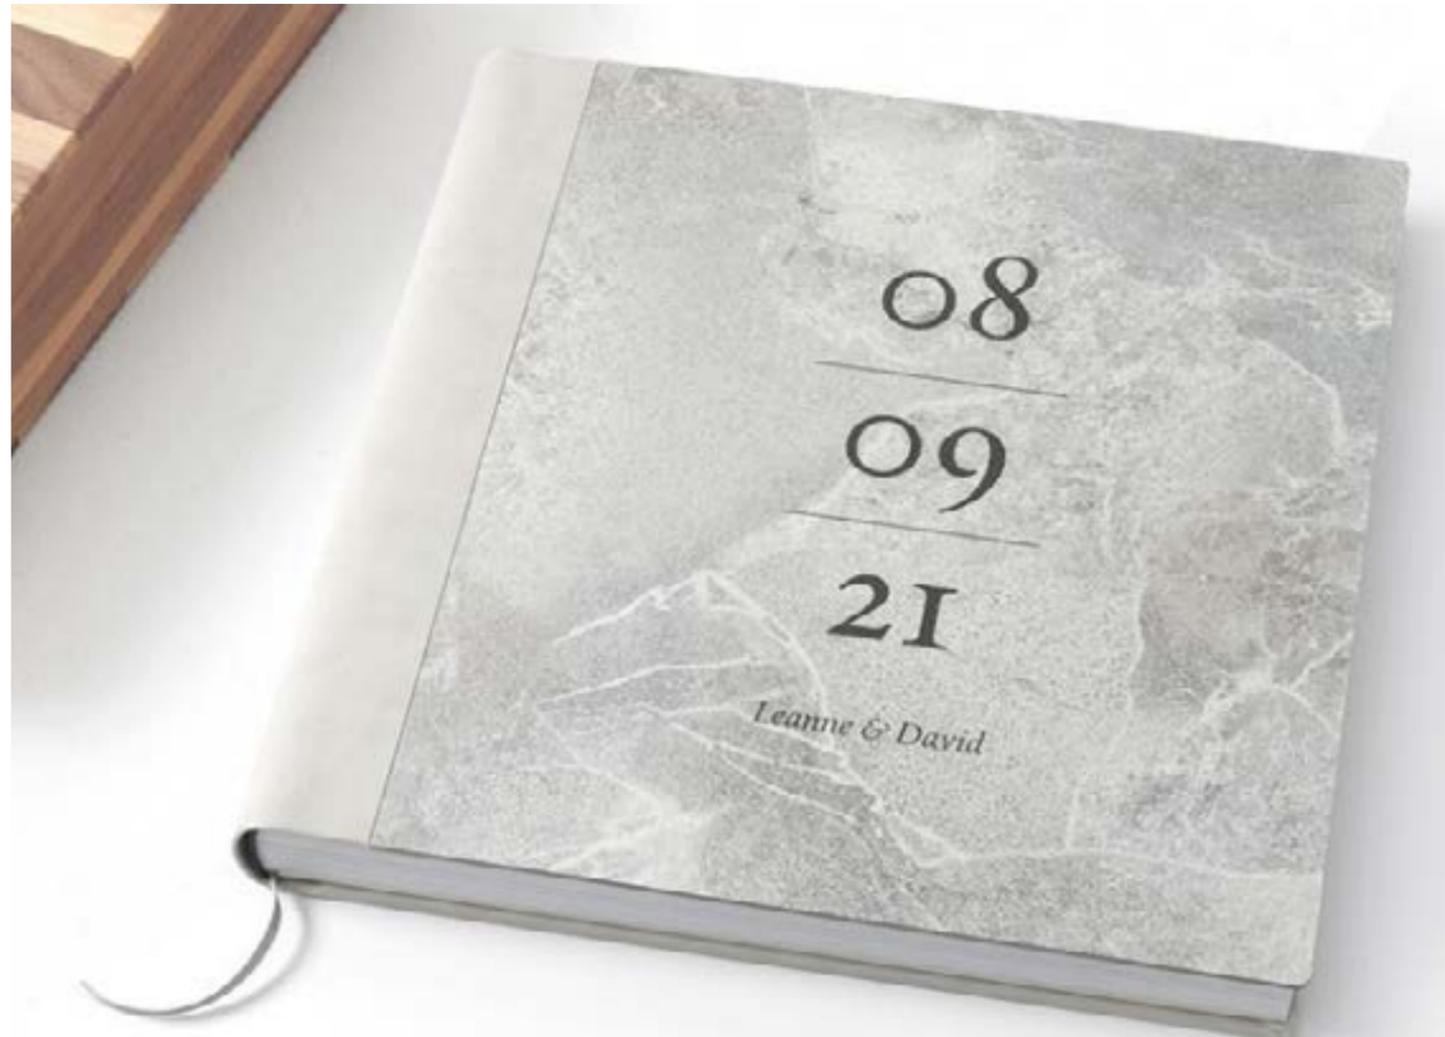

Fujifilm Matte Photographic
(230 gr/m²)

The matte surface reduces fingerprints, diffuses the light and moderates reflections.

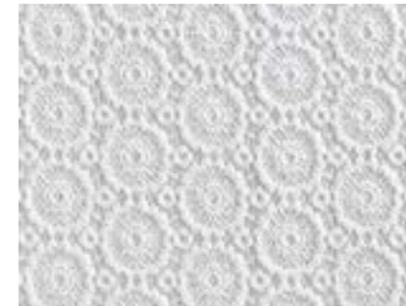

Fujifilm HD Glossy Photographic
(180 gr/m²)

A print surface for images of the highest quality, definition and color stability over time.
